

Skin and Body Care

Radiant C Facial Scrub and Oil Free Nature's Way System - Brad

I used to suffer with oily skin and pimples/acne. Within 2 weeks of using the skin care products consistently and with continued use of these products my skin shows not one sign of a blemish and I do not break out at all.

How did you use these products? Every Morning & Evening

Herbal Aloe Soothing Gel, Skin Activator & Herbal Aloe Soothing Hand & Body Lotion – Alan

My name is Alan Beagley and along with my partner Leslie Johnstone we have been fans of Herbalife products and distributors since November 2002.

I am a keen cyclist and have taken part in several long distance cycling events, however, on August 5th the inevitable happened. My competitive nature fuelled with a schoolboy belief in my own invulnerability got the better of me and as a result of an error of judgement on my part I crashed out of the race. Landing on left shoulder and upper back I suffered what the medics described as multiple contusions! X-Rays showed no fractures to the ribs but the attendant St John's Ambulance were unable to dress the wounds to their satisfaction because of the size and position.

That evening, Aug. 5th, with clean wounds, Leslie smeared a liberal layer of Soothing Aloe Gel all over the effected area and covered it so that it wouldn't stick to my shirt. Aloe Gel was applied 2 or 3 times per day as required.

August 5th – the day of the injury

August 6th – after 24 hrs of liberal Aloe Gel application

As the wounds began to heal Skin Activator was applied and Soothing Hand & Body Lotion was used to help with improving suppleness and flexibility of the newly forming skin.

August 25th – less than 3 weeks after injury. Skin Activator and Aloe Hand & Body Lotion take the place of Aloe Gel – all that's needed now is a bit of a tan!

I think this is a pretty remarkable recovery from what was ... I assure you, an uncomfortable injury! as the St John's Ambulance nurse said at the time, "this is going to be sore in the morning!"

In addition to the unquestionable quality and excellence of our Outer Nutrition products I believe consistent daily use of the Inner Nutrition products also played a part in my recovery.

All the best - Alan

Herbal Aloe Body Bar (Soap) - Ruth

I use the soap with an exfoliating towel (The Body Shop) to wash my whole body. Used on the face: it makes my face feel so soft and smooth, it feels like a baby's skin. Wonderful! Great for the whole family to use.

How did you use these products? In the Bath/Shower
